# Finger Phonics Big Books

are ideal for whole-class phonics teaching.

These books introduce all of the **letter sounds of English**, not just the alphabet.

The teaching is **multisensory** and especially suitable for young children.

Each letter sound is introduced with a detailed illustration, a simple story, an action and a large formation letter. As the children's **letter-sound knowledge** builds up, blending words (which use only known letter sounds) are included for early reading practice. The wipe-clean plastic sheet can be clipped to the activity pages at the end of each book for **fun and engaging whole-class teaching**.
